Time: 09:00 - 12:30

Venue: Microsoft Teams Online Platform

Fee: £110 + VAT per attendee (payable in advance)

This workshop is suitable for: Business Managers, Practice Managers, Operations Managers and Partners

Introduction

This course provides a practical breakdown of Display Screen Equipment (DSE) assessment techniques to meet legal obligations under the Health and Safety (Display Screen Equipment) Regulations 1992. It focuses on recognising ergonomic risks, enhancing worker comfort, and ensuring compliance through effective documentation.

Aims

- To equip participants with the knowledge to carry out competent DSE assessments.
- To ensure employers meet regulatory requirements by identifying risks and recommending suitable interventions.
- To promote a culture of proactive ergonomics and documentation integrity.

Objectives

- Understand the key principles of the DSE regulations and their practical application.
- Identify common ergonomic risks associated with workstation use.
- Conduct thorough DSE assessments using structured checklists and observational techniques.
- Recommend reasonable adjustments to prevent musculoskeletal disorders and visual strain.
- Complete and maintain compliant assessments records in line with legislative standards.
